

Requirements:

.net developer

At least 3 months experience in C# programming.

Required:

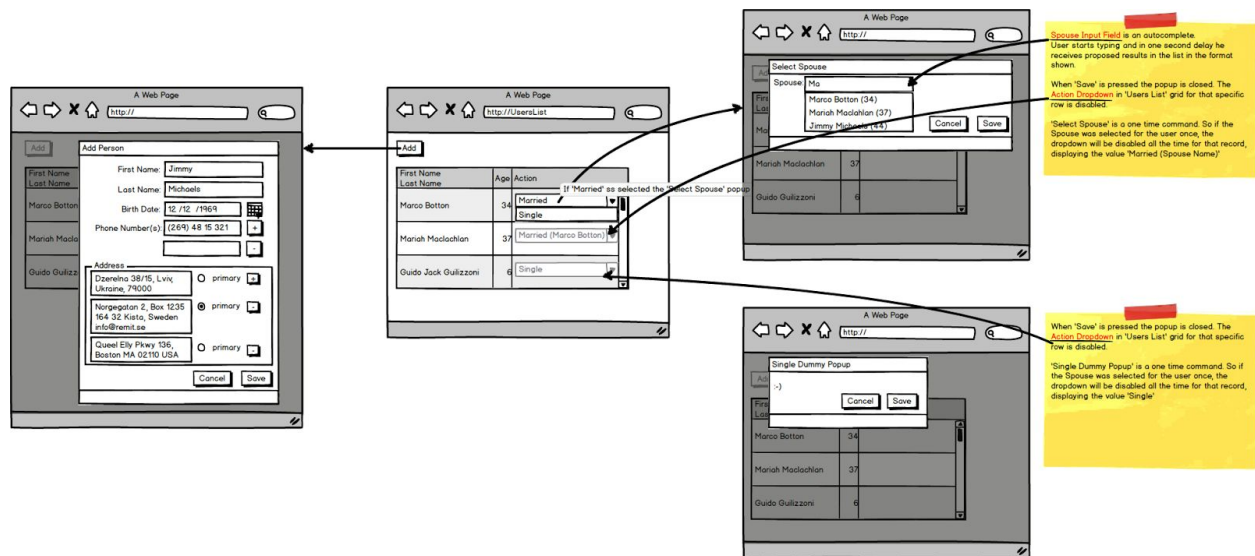

C#, ASP MVC, .Net Entity Framework, XML, JavaScript, jQuery, T-SQL.

Would be a plus:

ASP MVC Telerik Extension, WCF, SOAP, REST.

Good communication skills. English intermediate. Fast learning skills.

Test task

Instructions about test task:

This functionality should be created using ASP.NET MVC Telerik Extensions, you can download it here: <http://telerikaspnetmvc.codeplex.com/>, or as NuGet package:

<https://www.nuget.org/packages/TelerikMvcExtensions/>

Would be advantage if data would be stored in MS SQL db, or in ASP.NET Session.
